ABSTRACT

A comprehensive listing is provided of videotapes available from the University of Wisconsin system to its faculty and students. Included are: 1) locally produced videotapes of lectures, instructional demonstrations, and speeches; and 2) videotapes of off-air broadcasts or film transfers. The catalog is divided into three sections, the first of which contains an alphabetical listing of the videotapes. Entries are provided for individual titles, series titles, and individual titles within a series; in addition, data are given relating to annotations, running time, intended audience, color, university source, date of recording, producer, and appropriate cross references. Section II consists of a Key-Word-Out-Of-Context title index which serves as a rough subject index and as a search aid for users who know only part of a given title. Section III presents a subject listing of all the videotapes in the collection, arranged alphabetically within subject areas according to the Library of Congress Subject Listing. (PB)

INTRODUCTION

The University of Wisconsin System Videotape Catalog is intended to provide the faculty and students of the UW System with a comprehensive listing of videotapes available from system schools. Included are: 1) Locally produced videotapes of instructional demonstrations, lectures, prominent campus speakers and other tapes that may be of instructional value; 2) Videotapes of off-air broadcasts or film transfers where written authorization for system wide distribution is held by the submitting school.

CONTENTS

The videotape catalog is divided into three sections.

I. An alphabetical listing of videotapes.
II. A KWOC (KEY-WORD-OUT-OF-CONTEXT) title index.
III. A Library of Congress subject listing of videotapes.

ALPHABETICAL LISTING OF VIDEOTAPES (Green)

This section contains entries for: (1) individual titles, (2) series titles and (3) individual titles within a series all arranged in a single alphabet. Data included in each type of entry are noted below.

I. INDIVIDUAL TITLE ENTRY

A. Title
B. Annotation
C. Running Time - if no time was submitted, N.T. was recorded
D. Intended audience (See explanation below)
E. Color
F. University abbreviation(s) and tape identification number(s), (See explanation below)
G. Date(s) recorded - if no date was submitted, N.D. was recorded
H. Producer - if not the university submitting the data

II. SERIES ENTRY

A. Title
B. Annotation
C. Intended audience (See explanation below)
D. Color
E. University abbreviation (See explanation below)
F. Date(s) recorded - if no date was submitted, N.D. was recorded
G. Producer - if not the university submitting the data
H. Tape identification number(s)
I. Listing of individual titles within the series
J. Running time - if no time was submitted, N.T. was recorded

III. INDIVIDUAL TITLE WITHIN A SERIES

A. Title
B. Cross reference to the series entry

KWOC TITLE INDEX (Goldenrod)

In the KWOC Title Index, key words have been pulled from the title and arranged in alphabetical order on the left of each page. For example, the videotape entitled "Measurement of Voltage and Current" will be found under three key words in this section.

KEY WORD	COMPLETE TITLE
Current	Measurement of Voltage and Current
Measurement	Measurement of Voltage and Current
Voltage	Measurement of Voltage and Current

The KWOC Index acts as a rough subject index and as a finding aid for users who remember only part of a videotape title.

If you locate a title that seems to be of value, turn to the alphabetical section to find more information about the tape. For example, by looking under "Measurement of Voltage and Current", you will be referred to the "Physics Laboratory Series" where you will find more information about the title and series.

SUBJECT LISTING OF VIDEOTAPES (Pink)

The Library of Congress (LC) Subject Listing is arranged alphabetically by LC subject heading. Following each subject heading you will find an alphabetical listing of related videotapes.

More complete information regarding a videotape will be found by turning to the alphabetical section in the front of the catalog.

Library of Congress subject headings were assigned to individual tapes and series tapes on the basis of the annotations supplied by the participating university. In several cases, no subject headings could be assigned to the tape because of inadequate annotations.

COMPUTER ALPHABETIZING

Computer alphabetizing differs only slightly from normal letter by letter filing. Everything is filed in a strict alphabetical filing order as follows--nothing, symbols and letters. For this reason, the articles "a", "an" or "the" and titles such as Dr. or Miss have been eliminated as the initial word in a title.

ERRORS

Inevitably, errors creep into a detailed publication of this type. When discovered, they should be reported to the compiler so corrections can be made on the data base.

MALE AND FEMALE REPRODUCTIVE SYSTEMS
THIS TAPE WAS DEVELOPED BY THE DEPARTMENT OF AUDIOVISUAL AIDS AND PHYSICAL EDUCATION. IT WAS DESIGNED TO GIVE OUR STUDENTS IN PHYSICAL EDUCATION (NAMELY ANATOMY AND PHYSIOLOGY) CLEAR AND ACCURATE KNOWLEDGE OF BOTH THE MALE AND FEMALE REPRODUCTIVE SYSTEM BY COMPARING STRUCTURES OF THE CATTLE FAMILY TO HUMAN ANATOMY. THE TAPE IS USED TO GUIDE DISSECTION BY THE STUDENT IN A LABORATORY SETTING RATHER THAN HAVING THE STUDENT CONSULT A DISSECTION MANUAL WHICH IS A MORE REGIMENTED APPROACH.

AS THE ESTABLISHMENT FOCUSES UPON CRITICAL PROBLEM AREAS OF OUR SOCIETY, YOUTH IS CONSTANTLY A CENTRAL CONCERN. YOUTH ARE AMONG THE DISADVANTAGED, YOUTH ARE THE MAJORITY OF THE INNER-CORE INHABITANTS, YOUTH ARE PRIMARY CLIENTELE OF EDUCATIONAL INSTITUTIONS. THIS 'PROBLEM' IS WHAT THE NOW MUSIC ATTEMPTS TO MEET THROUGH ITS SERIES OF FOUR LESSONS.
IF THERE IS ANY COMMON BOND THAT CONNECTS THE YOUTH OF AMERICA, BE THEY FROM THE INNER-CORE, SUBURBIA, OR THE SMALL TOWN, IT'S MUSIC. THE YOUTH OF AMERICA IDENTIFY WITH THEIR OWN MUSIC...THE 'NOW' MUSIC THEY ORIGINATE, PERFORM AND APPRECIATE AND ENJOY, MUSIC THAT MOST ADULTS HAVE A DIFFICULT TIME UNDERSTANDING.

AN INTRODUCTORY PROGRAM CONCERNING THE BASIC CONSIDERATIONS ONE SHOULD KEEP IN MIND WHEN PREPARING TELEVISION VISUAL MATERIAL. THE PROGRAM COVERS THESE CONCEPTS, 1. TELEVISION IS A HORIZONTAL FORMAT, 2. TELEVISION HAS AN ASPECT RATIO OF 3 TO 4 (DEFINES ASPECT RATIO), 3. YOU MUST CONFINE IMPORTANT INFORMATION TO AN AREA NEAR THE CENTER OF A VISUAL IN ORDER TO ASSURE THAT IT WILL FALL WITHIN THE TV 'SAFE AREA', 4. AMPLE 'BLEED' SPACE, I.E., BORDER OR MARGIN AREA, MUST BE LEFT ON ALL SIDES OF THE INFORMATION PORTION OF A TELEVISION VISUAL (FOR THE SAKE OF CAMERA COMPOSITION), 5. MATERIALS OF CERTAIN CONTRASTING COLORS WORK ON TELEVISION, OTHERS DON'T. MATERIALS WITH SHARPLY CONTRASTING COLORS MAY BE THE SAME COLOR ON BLACK AND WHITE TELEVISION, AND 6. LETTERING MUST BE BIG AND BOLD FOR A TELEVISION VISUAL AND THE NUMBER OF WORDS ON THE SCREEN AT ANY ONE TIME SHOULD BE LIMITED.

WALTER PERRY - VICE CHANCELLOR OF BRITAIN'S OPEN UNIVERSITY
THE 'OPEN SCHOOL' IS PERHAPS THE MOST IMPORTANT SINGLE CONCEPT TO EVOLVE OUT OF THE EDUCATIONAL PROCESS IN THE TWENTIETH CENTURY. GREAT BRITAIN WAS THE FIRST COUNTRY TO EMBARK ON A NATIONAL PLAN OF OPEN EDUCATION WITH THE INITIATION OF ITS OPEN UNIVERSITY IN 1969.
THE AIM OF THE UNIVERSITY AS OUTLINED BY DR. WALTER PERRY, VICE CHANCELLOR, IS TO REACH THE THOUSANDS OF PEOPLE SEEKING HIGHER EDUCATION BUT WHO COULD NOT BE ACCOMMODATED WITHIN THE CONSTRAINTS OF THE EXISTING EDUCATIONAL SYSTEM.
DR. PERRY WAS INTERVIEWED AT ALEXANDRA PALACE IN LONDON BY PROFESSOR CHARLES A. WEDEMEYER, EMERITY PROFESSOR OF EDUCATION AT THE UNIVERSITY OF WISCONSIN, AND A WORLD RENOWNED AUTHORITY ON NON-TRADITIONAL EDUCATION. PROFESSOR WALTER JAMES, DEAN OF THE FACULTY OF EDUCATIONAL STUDIES AT THE OPEN UNIVERSITY, WAS ALSO PRESENT TO EXTEND AND EXPAND THE IDEAS EXCHANGED. THE INTERVIEW WAS TAPED FOR THE IML THROUGH THE COOPERATION OF THE BRITISH BROADCASTING CORPORATION.
